Last modification: 08/09/2008

Author: BIARD Nicolas, Plate-Forme Nouvelles Technologies - Hôpital Raymond Poincaré

Approximate price: -

Type: Software

pVoice is a communication assistance software with a speech system.

## **Functions** :

*Typing mode* : click, scan, self-click

*Speech system* : SAPI 4 and SAPI 5

**Programmation** :

The user must create his own communication boards. No preset board is provided with the download. The user has to select the number of lines and columns, then can put on each case a picture, a shown text, and a read text.

**Advantages** :

Free.

Easy edition.

Quite good speech system.

**Disadvantages** :

All cells have the same dimension in a given board.

**Fournisseur** :

Free
